github.com/theprabhuofficial

Experienced Web Developer specializing in front-end development and website optimization. Skilled in JavaScript, RESTful APIs, and Angular, with a focus on improving user experience and client satisfaction. Strong problem-solving skills and proficiency in web technologies.

WORK EXPERIENCE

Front-End Developer E-Tech Services Private Limited

09/2023 - Present Gurugram, Haryana

This is a dynamic MRR (Medical Representative Relations) project focused on the pharmaceutical industry. It involves collaboration with medical representatives who play a key role in interacting with healthcare professionals, mainly doctors. The goal is to showcase and promote a wide range of advanced pharmaceutical products manufactured by the company.

Technology Used

- Java Script, Angular, Loopback, GitHub

Technical Support & Database Management E-Tech Services Private Limited

05/2022 - 08/2023 Gurugram, Haryana

I worked in Database Management for MR Reporting, handling MongoDB and SQL. My tasks included designing database schemas, writing queries, ensuring data integrity, managing large datasets, implementing backup strategies, and ensuring smooth integration with the front-end.

Technology Used

- MongoDB, mySQL
